

A dramatic landscape featuring a volcano in the foreground with thick, billowing white and grey smoke rising into the sky. In the background, a bright sunburst with multiple rays emanates from the right side, illuminating the scene. The overall color palette is dominated by dark blues, greys, and bright whites, creating a high-contrast, atmospheric effect.

the highest national rates of
deforestation

A dramatic landscape featuring a volcano erupting with thick white and grey smoke plumes rising into a clear blue sky. A bright sunburst is visible on the right side, casting rays across the scene. The foreground shows dark, rocky terrain. The text is overlaid on a semi-transparent dark grey rectangular area.

Studied revealed that only **3%** land area in sarawak remains covered by intact forest in designated protected area

Source: Hansen, M.C., 2013, op.cit. and www.malaysiakini.com/news/246755, 16 November 2013

A dramatic landscape featuring a volcano erupting with thick white smoke and ash rising into the sky. The sun is shining brightly from the right, creating a lens flare effect. The foreground shows a dark, rocky terrain with some greenery. The overall scene is set against a dark, clear sky.

How this will
affect you?

The background image is a composite. The top half shows a volcanic eruption with thick, billowing white and grey smoke rising into a clear blue sky. The bottom half shows a view of the Earth from space, with a bright sun on the right side creating a lens flare effect over the blue oceans and dark landmasses. A semi-transparent dark grey rectangular box is overlaid on the center of the image, containing the text.

Sol-U-tion

replace fossil fuels with
carbon-free energy sources

A dramatic landscape featuring a large, dark, rocky mountain range, likely a volcano, under a bright, hazy sky. The sun is shining brightly from the right side, creating a lens flare effect. The foreground is filled with thick, white, billowing clouds or smoke. The overall scene is atmospheric and powerful.

renewable
energy

political
solution

A dramatic landscape featuring a dark, rocky mountain range in the foreground. A bright sun is positioned on the right side, creating a strong lens flare and illuminating the scene. Large, white, billowing clouds or smoke rise from the mountain peaks, partially obscuring the sky. The overall atmosphere is intense and powerful.

YOU

Problems	Causes
Environmental Degradation (Reduction in vegetation coverage destabilised the soil which contributed to faster rate of erosion.)	Excessive tourists traffics, especially during weekend and public holiday
Excessive tourists traffic with some poses bad behaviour like smoking or littering along the trail and summits	Lack of a framework to monitor and manage the hill; inadequate infrastructure; insufficient information provided to the tourist.

A dramatic landscape featuring a bright sunburst on the right side, casting light across a scene filled with large, billowing white clouds. The foreground is dominated by dark, jagged, rocky terrain. The overall atmosphere is one of intense natural power and light breaking through a dark, stormy environment.

The 1st step in solving a problem is
recognising there is one
